## DR. HILLIS DRAWS CAPACITY CROWD

**Lecture Outlined Teuton's Damage in Evacuating European Towns.**

Before an audience which filled the theatre Dr. Nevill Dwight, Hillis spoke in the Grand Opera House on Saturday evening on "German Atrocities." He appeared here under the auspices of the Marion County War Savings Stamp Committee of which Glenn F. Barnes is chairman. Dr. Hillis in a very able manner dealt with the subject of German atrocities and told how they were especially flagrant when the Teutons evacuated cities. The devastation they spread was sweeping. The cruelty of the treatment of war prisoners was also referred to.

Dr. Hillis was introduced by Judge William S. Raymond, of the circuit court, and his remarks were well received. Frequently he was applauded. The weather was about as unfavorable as it well could be and the large turnout is regarded as evidence that there is great interest in the war here.

Marcus A. Hanna, of South Portland, Me., left a potato in a barrel which was left in the dark all summer, and recently found that a long vine had grown which bore 30 potatoes.

## BETTER THAN CALOMEL

**Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute**

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to furnish a harmless substitute for calomel have brought out this little olive-colored tablet.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They do not injure the teeth like strong liquids of calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel plays havoc with the teeth. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that azy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "foggy" and "heavy." Note how they "clear" clouded brains and how they "pick up" the spirits. 10c and 25c a box. All druggists.

All Choked Up With Catarrh?  
Why Continue Makeshift Treatment?

**Sprays and douches will never cure you.**

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing painful and difficult breathing and other discomforts. But the real danger comes when it reaches down into your lungs. Once it gets there, it is a serious matter. This is why you should at once realize the importance of the proper treatment, and use no time experimenting with worthless remedies which touch only the surface. To be Atlanta, Ga.
